## PHARMACEUTICALS

**ESTABLISHED CONTRACT MANUFACTURING  
PARTNER FOR EXPORT & DOMESTIC**

---

**FROM MOLECULE TO MARKET**

# KNOW US BETTER

Demand for Soft Gelatin capsules is ever increasing for Nutraceuticals & Drug supplements. Considering this Caspian Pharma has set up a **“State of the Art”** Soft Gelatin capsule manufacturing facility with a capacity of over **50 crore capsules** a year with an expansion capability to increase the capacity to 80 crore capsules per year.

At **Caspian**, we stand proud as an independent, integrated, research based pharmaceutical organisation dedicated for manufacturing a wide range of **high quality, affordable & trusted health care**. We are a **GMP & GLP** certified company.

We offer comprehensive & confidential contract manufacturing services, for bulk buyers interested in any formulation in **Pharmaceuticals & Nutraceuticals**.

Caspian Pharmaceuticals believes in bringing your ideas and products **“From molecule to market”**.

# OUR MISSION

**Caspian's** mission is to be the premiere contract manufacturer specialising in Softgel capsules for **Therapeutic, Nutraceuticals supplements and products.**

Our main aim is to have **satisfied clients.** Which can be reached by offering them high quality products & **prompt delivery** with our efficient manufacturing facility

## INFRASTRUCTURE

- ▶ **Two dedicated** encapsulation lines with a production capacity of **50 crores capsules** a year.
- ▶ Total plant area of **35,000 sqt** & main plant built up area of **30,000 sqt.**
- ▶ Primary manufacturing area has joint free **epoxy flooring** and **epoxy coving.**
- ▶ Area classification of **1,00,000 class** with **controlled temperature and humidity.**
- ▶ Utility services are provided without disturbing the primary manufacturing area.
- ▶ Dedicated service floor consisting of **HVAC** system, **DM water** system, Electrical panels & **Air Compressor.**
- ▶ Primary manufacturing area is constructed using PPGI **Puff Panels.**
- ▶ Dedicated Quality Control area comprising **HPLC**, **UV** & other analytical equipment.
- ▶ **Stability Chambers** for stability study and process validation.

## QUALITY ASSURANCE

Caspian's Quality Assurance department ensures consistent quality products by maintaining vigil checks at each stage. We employ a team of qualified, experienced & dedicated professionals to make sure high quality nutraceuticals products are always delivered through our **"Best in Class"** infrastructure, world class technology and experienced staff.

- ▶ Approvals/Authorisation distribution, control, review, storage & destruction of production records
- ▶ Review of product specifications & test procedures
- ▶ Product complaints & recall
- ▶ Self inspection
- ▶ Quality audits
- ▶ SOP's drafting, revising and control
- ▶ Deviation & failure investigation
- ▶ Change control procedures
- ▶ Validation & Qualifications
- ▶ Calibration program
- ▶ Return goods & their disposal
- ▶ Monitoring of plant preventive maintenance
- ▶ Environmental control within and outside the manufacturing plant
- ▶ Safety measure of employees & staff

## QUALITY CONTROL

The most **sophisticated** testing machinery at Caspian's laboratory ensures the best quality product of highest & most pure standards.

**All raw materials** from time of entry into the manufacturing process to the finished goods are tested by the **stringent & strict** methods. QC follows established pharmacopeia methods such as **USP, BP, EP** & others.

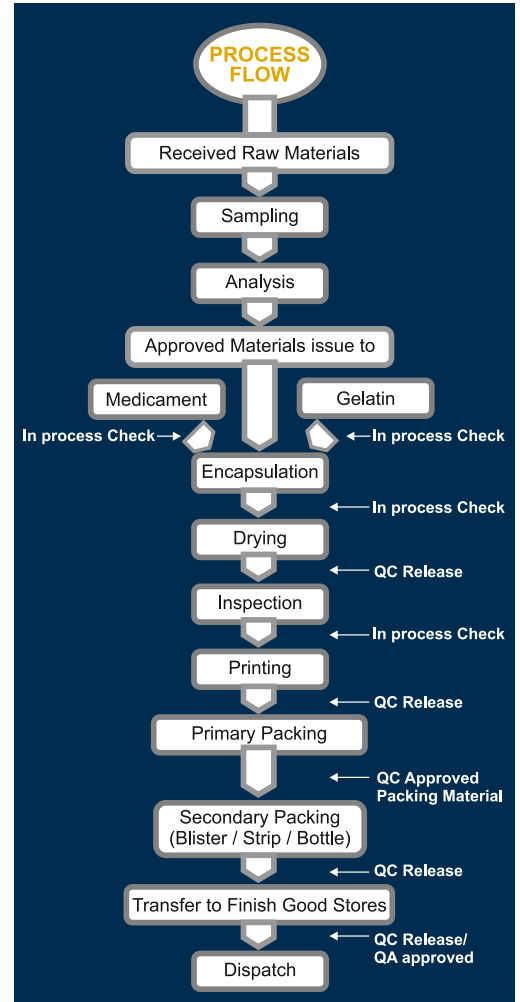

A highly automated plant reduces actual material handling & dramatically decreases the possibility of contamination by limiting human contact. **Our QA & QC team has set up advanced technology systems in the manufacturing plant so that our customers get the best product.**

# OUR CAPABILITIES

Caspian offers a wide array of high quality Pharmaceutical/Nutraceutical products under softgel capsules. Each of our products is made using the finest raw materials, the most advanced manufacturing processes and strictest of quality control. Enabling us to deliver consistent quality products for domestic and global buyers.
